SAMUEL NEWSOM

JESSIE L. SEAL

This past Season has been a most enjoyable one, as so many of our dahlia friends were visitors at our Napa gardens. Our only regret is that all of you could not have had this pleasure of seeing our California dahlias at home.

Although the Annual Exhibition of the Dahlia Society of California was much earlier than usual and our flowers were not at their fullest bloom, we were more successful than ever in winning, being awarded a total of twenty Prizes, of which twelve were firsts. These included three Gold Medals (Best General Display, Best Fifty Blooms, and Best Collection of New Jersey Dahlias) and the Palace Hotel Trophy Cup for the Best Collection of California Dahlias, making the third consecutive year we have won this most coveted prize.

With continued thanks for your loyalty and the hope that this catalog will be of

further interest, we wish you all success and great pleasure with your dahlias for the coming season.

Our office will remain at 607 Third Avenue, where all orders and communications should be addressed.

Which are the Larger?

Two of our new dahlias—Silverado, left, and Marjorie Hennessey, right, being proudly held by two young Napa dahlia enthusiasts. (For further description see pages 24 and 13.)

Decorative Dahlias

Decorative Dahlias are large and usually full to the center, with loosely formed, long, flat petals. Many new introductions are remarkably beautiful. Some of the best cut flower varieties are in this class.

★**AIBONITA** (Oh, how beautiful)—This is one of our largest originations. An immense flower of a lavender or violet pink, shading to white, with a rich golden yellow at base of petals. The formation is unusual, owing to the great depth and fullness of the flower. The long graceful stems hold the huge blossoms high above the foliage, producing an extremely showy effect. Have had many reports as to the success of this dahlia throughout the entire country. 1.50.

★**AL KORAN**—A very proud and handsome dahlia that is always admired in our gardens. The extra tall plants are very useful for background effects and are liberally covered with large blooms of golden rod and amber. The petals of this flower are wavy and the blooms are held high on long, strong stems. A most excellent variety. \$2.00.

★**ARROW OF GOLD**—A refined blossom of pure gold, deepening in the center and shading to a golden apricot and amber at the outer petals. The immense deep blooms are held erect on long, stiff stems, making it a wonderful variety for cutting and exhibiting. Since introducing this dahlia, we have received such excellent reports that we feel confident in recommending it most highly. \$2.50.

★**AMULET**—A very beautiful and satisfactory variety, that blooms early and late, and is always covered with wonderfully fine blossoms. The color is very rare, a rich deep brown, suffused with old rose and gold. The flowers are always large and deep and of the most perfect formation, while the bush is strong and vigorous. One of the most faithful and valuable varieties for all purposes, and should be in every garden. \$7.50.

★**AMUN RA**—Our Gold Medal dahlia is of glorious coloring, and one of the greatest prize winners. To call it a glorified burnt orange hardly does it justice. The stems are wonderful—erect and stout and hold the immense blossoms well above the strong, vigorous plant. The blossoms keep for days when cut and last indefinitely on the bush. Amun Ra will be in flower long after many of the other dahlias have ceased blooming. This immense decorative of gorgeous shades of copper and orange will be more fully described and illustrated on page 15. \$1.00.

★**BAZAAR**—An extra large fine blossom that is a combination of California Sunset shades. Soft chrome yellow overlaid with red—delicately blended so neither predominates. This Autumn tinted flower, averaging nine inches has a good stem, and is fine for cutting and exhibition purposes. \$2.00.

★**BEAU BRUMMEL**—A pure royal purple which does not fade nor burn on the hottest day. The low, spreading bush is always covered with these very attractive blooms, which are held high on excellent stems. A fine variety for all purposes. \$2.50.

★**BERCEUSE**—Something different, of pure salmon color early in the season, but changing later to salmon suffused with gold. Large flower with good stem. \$1.00.

★**BLACK JACK**—The color of this dahlia is so dark that it is almost black, though upon close inspection it will be found to be deepest maroon. A very striking variety that is liked by everybody. We always have a "Black Jack" planted at the beginning of our display garden because of this. The plant is very tall and the stems are perfect, holding the large flowers proudly erect. We can recommend this dahlia for all purposes. \$2.50.

BOSTON WHITE—A pure white decorative dahlia of Eastern origin. The flowers are of good size and the stems are perfectly erect and strong. \$1.00.

★**BLUE LADY** (One of our 1925 originations)—A large flower of an unusual shade of bluish lavender, where the blue, instead of the pink tints prevail. The petals, shading to white, instead of pink, give this dahlia a decidedly blue cast. This beautiful variety was greatly admired in our garden and always in demand as a cut flower. The fine, large blossoms are held high above a robust bush on strong, stiff stems. \$2.50.

★**CAROLYN WINTJENS**—Beautiful salmon pink with rose shadings. Very large charming blossom with good stem. Excellent for exhibiting and cutting. 50c.

Decorative Dahlia—Ellinor Vanderveer

ONE OF OUR FINEST ORIGINATIONS

This immense glowing, satiny rose pink decorative which helped us win the Palace Hotel Trophy Cup for the best collection of 12 California dahlias at the recent show, is said by many eastern growers to be the best dahlia ever originated in California. This year's cover design is a vase of Ellinor Vanderveer, exhibited at the recent Palace Show. (See page 8 for further description.)

Excerpts from Letters Received from Satisfied Customers Throughout the Country Concerning "Ellinor Vanderveer"

"I also wish to congratulate you on putting out this season your very best dahlia to date, and one of the best that has come from the Coast—'Ellinor Vanderveer'. I grew this season forty varieties from your state, including about all the best new varieties and with me 'Ellinor Vanderveer' was the star of the collection; such color, stems and formation! It was my best bloom in the winning collection of California varieties in two shows. The judges at the State Show announced it one of the best received from the coast in recent years—that it is here to stay."—(From New Jersey.)

"Certainly I could not refrain from congratulating you on the wonderful success of the 'Ellinor Vanderveer'. I have had the opportunity of seeing this dahlia growing in various parts of New England and the East this summer under varying conditions, and it certainly seems to be the outstanding California dahlia this year."—(from Connecticut.)

"I think 'Ellinor Vanderveer' is the finest dahlia in the world."—(From Pennsylvania.)

"I have only the finest comments to make of 'Ellinor Vanderveer'. This is one of the best blooming dahlias on the entire lot in Garden City. This dahlia has done well in other places here in the east, and I think you can safely count on getting somewhere on the roll of honor so far as the East is concerned this year."—(From New York.)

"'Ellinor Vanderveer' is the finest thing yet with us; it is a magnificent plant."—(From British Columbia.)

"Your 'Ellinor Vanderveer' was a wonder; in fact, I think it was the very finest variety I had in my garden. Size, stem, color, vigorous growth of bush and general habits were the very best; and it was the admiration and joy of all who saw it."—(From Oregon.)

"'Ellinor Vanderveer' is the best of the new California varieties I have seen this year, and I am not alone in that opinion, the color good, stem excellent, large blooms and a free bloomer."—(From New Jersey.)

"'Ellinor Vanderveer' is a wonderful dahlia, throws a huge bloom and has wonderful stems. Keeping qualities very fine. It has certainly done well with me, and I consider it one of the good ones."—(From Oklahoma.)

"The bloom of 'Ellinor Vanderveer' won first prize as the largest California bloom."—(From New Jersey.)

ELLINOR VANDERVEER, OUR BEAUTIFUL FRIEND, FOR WHOM WE NAMED OUR DAHLIA

Decorative Dahlias

- ★**CHAMPAGNE**—This immense novelty is one of the largest dahlias. The coloring is rare—warm autumn shades varying from burnished copper to a dull golden champagne and chamois. The stem is exceptionally long and strong and holds the massive flower absolutely upright high above the tall bushes. This is one of the finest of the California dahlias and should be in every collection of dahlias. Champagne was one of the dahlias that helped to win the Palace Hotel Trophy for us in 1924, 1925 and 1926. \$2.50.
- ★**CHOU**—Pink of the old fashioned rose, heavily shaded with white until the cool fall days when the flower is without shadings. Very deep and large and full centered at all times. The beautiful large flowers are held erect on long stiff stems. \$2.50.
- ★**CONCHITA**—A pink Rookwood without the lavender suffusion. The formation of this large, deep flower is irregular enough to be charming. Stems are long and stiff, held high over plants that grow moderately tall. In 1925 this dahlia was included in the collection of the Best Twelve California dahlias. \$3.50.
- ★**CONSTANCY**—One of the most dependable varieties in our gardens. Its color is a lively rich shade of deep, glowing pink. The flowers are very large, held erect over strong, sturdy bushes, on long, stiff stems. \$2.50.
- ★**DIXIE**—A lovely flower of salmon suffused with bronze, and one of the best cut flower varieties, having long, stout stems. \$2.00.
- ★**DR. TEVIS**—A beautiful shade of soft salmon rose, suffused with old gold, shading to a golden apricot center. One of the largest grown; flowers nine to eleven inches in diameter; the immense flowers being held erect on fine, long, vigorous stems. 75c.
- ★**EARLE WILLIAMS**—This very large blossom, of brilliant crimson and white well distributed in the petals, stands erect on long stiff stems. Sometimes a blossom will come crimson, tipped white. \$1.50.
- ★**EILEEN ROXBOROUGH**—(One of our 1927 introductions). A stately bloom held proudly erect on a stiff, cane-like stem. The coloring is an intense rosy pink, with a suffusion of mauve and gold. The large blooms are exceedingly attractive in the garden, having a rich, glowing effect, and owing to their unusual keeping qualities and excellent stems, can not be excelled as cut flowers. \$5.00.
- ★**EL DORADO (One of the finest novelties)**—An immense blossom of vivid gold, deepening in the center. This exceptionally fine dahlia of great substance stands well out of the foliage of a low growing bush, on strong erect stems, making it not only an exhibition variety but an excellent cut flower. We have had fine reports of this dahlia. \$5.00.
- ★**ELLINOR VANDERVEER**—One of our 1925 originations that has been a great success and prize winner throughout the country. An incomparable dahlia of exquisite beauty and great size. The large blossoms of glowing, satiny rose pink are of great depth and substance and are held far above a tall sturdy bush on exceptionally long, stiff stems. There is no surplus leafage and with ordinary disbudding every flower is perfect. This dahlia is said by many to be the best California dahlia ever put on the market, as shown from the excerpts on page 7. Ellinor Vanderveer was included in our collection of Prize Winning California dahlias at the recent Palace Hotel Show. \$5.00.
- ★**EMBASSADOR**—Very large blooms of deepest shade of red or maroon, and if grown in the shade are nearly black. Free blooming; stems long and stiff. 50c.
- ★**EVELYN ADAMSON**—The color of this immense and exquisitely charming dahlia is so unusual it is difficult to describe. A rosy fawn pink suffused with gold, growing more beautiful as the blossom matures. This enchanting flower, very large yet refined, is held on a long graceful stem. \$1.00.
- ★**FAITH GARIBALDI**—The Gold Medal Dahlia introduced by Bessie Boston in 1925 and won for her First Prize for best twenty-five blooms in our recent show. This immense, deep rose decorative is a flower of great substance and of perfect formation. It does not require heavy disbudding for immense blooms. The stem is exceptionally strong and carries the flower high above the foliage. The blossoms last indefinitely on the bush and nearly a week in the house. This dahlia has won many prizes in different parts of the country and was included in our twelve best California dahlias at the recent show. \$5.00.

Dahlias marked ★ originated in California.

Decorative Dahlia—Shirley Oliver

This immense light rose pink is a fine exhibition and garden flower and maintains its size the entire season. (For further description see page 18.)

Decorative Dahlias

- ★**GLADYS ROLANDS**—(One of our 1927 introductions.) A lovely flower of an extremely odd and beautiful coloring. In fact, no description can half convey its beauty. The base color is lavender, but this is almost hidden with a heavy suffusion and veining of reddish purple. The stems are perfect and hold the large, very deep blossoms proudly erect on a tall, well branched plant. A variety that is truly different. \$5.00.
- ★**GLORIANA**—Pure old gold, heightened by a slight reddish glow in the center. This is an exceedingly fine large flower with long stiff stems, which blooms freely all season. 75c.
- ★**GOLDEN FLEECE**—One of our finest 1926 introductions. An exceptionally magnificent blossom of a rich, creamy, golden yellow with a satiny sheen, frequently tipped with white giving it a silvery frosted appearance. Due to the great demand for this variety we have been forced to withdraw it from the market to increase our stock. We hope to have sufficient to offer it again next year. \$10.00.
- ★**GORDON BLANDING**—A lovely new dahlia of soft pastel shades. The outer petals of the flower are deep pink at the base and lighter pink at the tips, while the center of the blossom gradually lightens to a creamy white, with the faintest suffusion of pink. A very attractive variety with good stems that is always in bloom. \$2.00.
- ★**GRENADIER**—This dahlia, of huge size and depth, with slightly quilled petals, is purplish maroon on one side and silver on the other, but both colors show—a very unique effect. The stems are long and strong, and the bush always is covered with blooms. \$5.00.
- ★**HALVELLA**—One of the most charming varieties in our garden. A beautiful rose pink flower of huge size and perfect formation, held erect on perfect stems. Visitors are captivated by the irresistible beauty of this dahlia, which is always in bloom and one of our best cut flower and exhibition varieties. \$2.00.
- ★**HARRY DAVIDSON**—A very pleasing variety of mulberry shadings. The flowers are large, stems fine, and the bush quite tall and always in bloom. \$1.00.
- ★**HATHOR**—(One of our 1927 introductions.) A dahlia of vivid Oriental colorings, and all the lure of far off places, fascinating in its complete novelty. Hathor was the Egyptian Goddess of Love, Mirth and Social Joy, and this dahlia fittingly symbolizes these qualities. The predominating color is flame—not red, but verging on deep crimson, orange, and all those colors seen in glowing embers. The formation is always perfect and the stem exceptionally fine and stiff, so the large bloom looks one squarely in the face. Hathor has won a first prize. \$7.50.
- JERSEY'S BEAUTY**—A justly praised Eastern variety, originated by W. H. Waite, of striking loveliness. A perfect bloom of an exceedingly live, deep, true pink, carried high above the foliage on perfect stems. The plant is vigorous and a tall grower. A fine dahlia for that deep pink note, so often missing in gardens. A famous prize winner. \$2.00.
- ★**JESSIE K. PRESCOTT**—A beautiful large flower of an unusually lovely coloring, deep orange at the center, gradually shading to creamy orange on the rows of outer petals, and illuminated with a violet glow. The bushes are tall and branching. The flowers have exceptionally long, good stems. \$2.00.
- JOHN ALDEN**—A fine, upstanding variety of a color greatly in demand. The large flowers are of a true purple, held perfectly erect above a fine, sturdy bush. \$1.50.
- JOHN DOE OF OZ**—A large blossom of pale yellow, with a faint suggestion of orange. The flowers have great depth and fine formation. The plant is tall and robust and the stems are excellent. A beautiful cut flower or garden plant. 75c.
- JUDGE MAREAN**—In this large dahlia there is a riot of blending color, ever changing as the flower ages. There is a glowing salmon pink, iridescent orange, yellow and pure gold, and the shades all blend most beautifully. The large fine flower stands on a long, straight, strong stem facing the garden boldly. \$1.50.
- ★**JUNIOR**—One of our originations that has made a sensation throughout the country. An enormous flower of pure lavender, the centers remaining closed throughout the entire season. This huge blossom is a seedling of the Millionaire, but has greater width. Junior is truly wonderful in the garden and as a flower to be used in competition in the largest-dahlia class, having won several first prizes in different parts of the country. \$1.50.

The Beautiful First Prize Basket of California Dahlias

This was one of the most attractive features of our exhibit and was made up of the following Autumn tinted Dahlias: Hathor, M. H. de Young, Sunny California, El Granada, El Dorado, King Tut, Amun Ra, Talisman, Rollo Boy, Champagne and Bazaar. The immense dahlia in the vase is Siskiyou.

Decorative Dahlia—Kittie Dunlap

This Prize Winner is a delightful new shade of American Beauty Rose, having excellent keeping qualities, long stiff stem, immense size, and perfect formation. It is not only a beauty, but has every characteristic which endears it to a Dahlia lover. (See opposite page for further description.)

Decorative Dahlias

★**J. W. DAVIES**—The coloring of this beautiful dahlia is difficult to describe; the deepest shade of cerise at the center, graduating to a lighter tint. This blending of the two shades creates an entirely new effect. The immense flower has depth as well as size and the stem is perfect, making it as good for cutting as exhibiting. It blooms profusely all the season. One of the most admired dahlias in our garden and was included in our twelve best Californians. \$2.50.

★**KING TUT**—One of our 1926 originations. An extra large blossom of rich, dark, velvety, glowing, crimson burgundy, of fine formation and with closed centers throughout the season. One of the most admired dahlias in our garden. Indispensable for the darker tones that add richness to a combination of dahlias, especially the autumn shades. The large, fine blossoms of great substance are held high above strong, medium tall, bushes on extra long stiff stems. King Tut is one of our finest cut flowers, and was included in our collection of Best California Dahlias. Large vases of this dahlia greatly enhanced the beauty of our display both in 1925 and 1926. \$5.00.

★**KITTIE DUNLAP**—A delightful new shade of American beauty rose. This beautiful dahlia which has been a consistent prize winner throughout the entire country, is a very large flower of perfect formation. The long stiff stems, and excellent keeping qualities make it indispensable as an exhibition as well as cut flower variety. A bloom of this remarkable variety was sent by Air Mail to the American Dahlia Show in New York, and lasted four days after its arrival. Our display is never complete without a large vase of this superb dahlia. Kittie Dunlap won us a gold medal for the Best Fifty Blooms at the 1926 Palace Hotel Show. \$1.50.

★**KLAMATH BEAUTY**—Another of our 1926 introductions of an extremely novel and pleasing color. Good sized flower is of an iridescent rosy pink, shading lighter towards the center, which has a suggestion of yellow. This charming blossom is held high above a sturdy bush on a long, erect stiff stem. It was much admired in our garden for its unusually beautiful coloring. \$1.50.

LADY BETTY—This very lovely dahlia is a creamy white, but a pinkish suffusion is spread as a haze over the flower. A large, fine flower produced on strong stiff stem. One of the best Marean dahlias. \$2.50.

★**LEAH M. GLEADELL**—Copper illuminated with gold. A large beautiful dahlia and a splendid keeper with a fine long stem. Blooms freely on tall luxuriant bush. This dahlia was originated by Mr. J. W. Gleadell and was among our best Californians in 1925. \$3.00.

★**LOGAN'S WHITE**—A most excellent pure snow white dahlia without a tinge of any color. The blooms are large, and are held on long, stiff stems. The bushes are always covered with blossoms. \$1.50.

★**MARJORIE HENNESSEY**—(One of our 1927 introductions.) An exceptionally lovely dahlia with every good quality. The blooms are large, of the most perfect formation, and are carried on extra long, stiff stems high above a tall growing bush. The color is most attractive—Amber, heavily suffused rose, lightening toward the center to a true amber. The tips of the unfolded petals are of a deep rose pink, producing a very beautiful effect. \$7.50.

(See illustration on page 4)

MARMION—(Oregon Novelty.) Truly, among the very largest in our garden. Most flowers are dwarfed when placed near it. The color is pure golden yellow, with bronze suffusion on reverse of petals and a deeper bronzy tone on the high center, and outlining each petal. The stems are good, and hold the immense blooms gracefully above the sturdy plant. Marmion is an excellent variety for the "Largest Dahlia in Show" competition. \$10.00.

★**MEADOW LARK**—A fine large flower of a new coloring. It has shadings of buff and straw, with the reverse side of the florets darker. This large sized flower is held high on extra long, straight stems, out from a tall plant with vigorous foliage. \$3.50.

An excellent variety for exhibition and cut flowers. \$5.00.
- ★**MISS CALIFORNIA**—(New 1926). A large, perfectly formed, and very beautiful blossom of the new shade of Oriental Fuschia. The plant is tall and hardy, the stems perfect and exceptionally long so the large blooms are held proudly erect and look one squarely in the face. An excellent flower for exhibition, cutting, or garden effect. Miss California won First Prize as a Seedling at the California State Floral Society, 1925. \$5.00.
- MORDELLA**—One of the best of the newer dahlias. A real art dahlia of a bright apricot buff color, although it is infinitely more beautiful than the description. - ★**MURIEL**—One of our 1926 originations and a fine cut flower variety of good size. In color a charming, clear baby pink. This beautiful blossom has fine long stiff stems growing out of a sturdy bushy plant which must be well thinned out and disbudded if you wish large blooms, as it is very floriferous. To one loving delicate colorings this is very appealing. \$2.50.
- ★**NOBILIS**—Our garden is never complete without a row of Nobilis, as it is so bright and attractive. Hybrid, American, and English Cactus Dahlias

The hybrid Cactus Dahlias are becoming the most popular. They have broader and more massive petals. Excellent for cut flowers, and being a hardy variety, do well in almost any climate.

American Cactus is a new type. The petals are coarser than the English exhibition, but not heavy enough to form a hybrid. In the East, flowers of this type are still permitted in the Cactus collections.

The English Cactus Dahlias have long, narrow, pointed petals, like a chrysanthemum. They will always be favorites owing to their unique and spidery formation.

ALABASTER—The finest white English Cactus. Large and incurved. An indispensable exhibition variety, beautiful for garden and a fine cut flower. \$1.00.

★**AMBASSADOR**—Hybrid Cactus. One of the most sensational varieties ever originated, and a general favorite. In formation it resembles a huge sunburst. Its color is soft yellow, with salmon, amber and pink shadings, gradually deepening toward the tips of the petals. The flowers are of the largest size, and are held perfectly erect on extra strong stems. Our stock is the prize winning strain and always comes full to the center. Ambassador was included in our twelve best Californians. \$3.00.

. . . California Dahlia Seed . . .

AVE you ever tried growing any of our California dahlia seed?

If not, you are missing one of the greatest pleasures imaginable.

We select our seed with great care from the newer dahlias only, and our long, rainless summers make it possible to collect seed from the large double varieties. We have received hundreds of testimonials from our customers telling of the wonderful success

they have had with our seed—many having won 1st Prizes with their seedlings.

75 Selected Seeds—From a general collection of dahlias.....\$1.00

75 Extra Selected Seeds—Seeds of large varieties.....\$2.50

75 Extra Choice Seeds—Seeds from the newest prize winning novelties only.

No better seeds can be obtained at any price.....\$5.00

Dahlia seeds should be sown from March 15th to May 15th, preferably in boxes or flats, filled with sandy leaf mold soil. Plant the seed about three-quarters of an inch deep, not too closely—2 or 3 inches apart—and keep in a warm, sunny place. Under no conditions let the soil dry out. Transplant in the open when the weather is free from frost, planting about fifteen to eighteen inches apart. With a little care you will have large bushes and abundant bloom in about ninety days. New varieties are produced in this manner. Discard any undesirable ones, as they bloom.

Should any of our seeds produce exceptional flowers, send us a tuber the following spring, and we will grow it, giving it the best care possible. If it proves to be a marketable variety, we will pay you five dollars for the tuber, and name it for you, or as you desire. Each tuber sent should be plainly labeled with name and address of the sender, and accompanied by a description of the flower.
